**Important, please read**

Dear Sir/Madam,

**Notification of site investigations A12 Junctions 19 - 23**

I wish to inform you that Kier will shortly be completing site investigations at the above location on behalf of Highways England. This work is required to assess structural condition and develop solutions to improve the carriageway in the future.

Subject to weather conditions, we plan to complete this work **northbound from junction 19 to junction 22 between Monday 24 July and Tuesday 1 August**, and **southbound from junction 23 to junction 19 between Wednesday 2 August and Friday 11 August**, working between 8pm and 6am on weekdays only.

**All overnight works will be completed under lane closure.**

We will do our utmost to complete the works as quickly as possible, avoiding disturbance and minimising disruption.

We would be grateful if you would publicise the works where appropriate. We would advise drivers to allow extra time to complete their journey.
